THE HERALD learns that Vice President and General Manager Jeff N. Miller left Kingsville Saturday for Mexico City via Laredo. The visit to Mexico by Mr. Miller is presumed to be in connection with the extension of his line into the Mexican republic, and our people expect to soon hear important news concerning the project.

For Sale—Good house and lot at Point Isabel. Lot 50x140; good cistern and outhouses. Apply at HERALD office.

THE HERALD learns there will be no bull fight at Matamoros on July 4. This has been decided upon by reason of the fact that reduced rates have not been put on to this place. It is to be regretted that no attraction has been offered to induce visitors to come to Brownsville on this date. Of course the natural resources of the country are a great inducement to visitors, but THE HERALD is a firm believer in strong and continued supplemental work, and will always think the 4th should have been appropriately observed.

Gulf Coast News Co., opposite Botica del Aguila, has always on hand ice cold watermelons, canteloupes, tomatoes, etc., at reasonable prices.

The party of prospectors from Rock Island, Texas, composed of J. V. Shely and wife, J. W. Tinkler and wife and John T. Line and wife and son, J. T. Eaton and J. T. Flournoy, who have been here the past few days looking over the country, left for home this morning. The entire party is much pleased with this section and some of them expressed their intention of coming back later and spending a month, in order to have ample time to thoroughly investigate the resources which abound here. In conversation before the train left some of the gentlemen said they were of the opinion this was the coming section, and only needed development, which was as sure to come as the night follows the day. THE HERALD has used this for a text at innumerable times, and the subject is a fruitful one which time is proving and will continue to prove. The man who comes here, uses energetic business judgment, and brings to bear the practical knowledge which is essential to success in all undertakings, will find successful reward.

Among the passengers out this morning a HERALD man noticed John Conner, who has been interested in the People's Ice & Mfg. company, on the way to his old home at Hattiesburg, Miss. Mr. Conner has disposed of his interest in the ice factory to Messrs. Blalack and Tucker, and will seek a new location. The Conner family have been in Brownsville about one year and have made many friends during their stay who will regret their decision to locate elsewhere. The family will remain here until John Conner selects another location. In conversation with Sid Conner today THE HERALD man learns that their faith in the ultimate success of the Brownsville country had not diminished, but conditions made it necessary to change. THE HERALD is sorry the family is to leave Brownsville, but wishes them well wherever they may locate.

It is very gratifying to learn that the rice crop in this section gives promise of a most flattering yield at present. Those who have been disposed to look upon rice growing in this region with considerable disfavor, are forced to admit that conditions at present are all that could be desired. Of course there is no method of successfully computing the outcome of the crop at this stage, but fifteen barrels per acre would be a fair estimate. On land where last year the rice was very spotted, this year contains a splendid crop. Some of the most advanced rice is beginning to head, and our growers are much elated over prospects.

"Lest We Forget."
BULL FIGHT.

No! No!

Of course that catches a crowd, but Dad Kelly's attractions knocks 'em all. When they get to scrapping over that cheap sugar it will be worse than all. But in our case no one will be hurt and all benefited. Sugar is a great luxury; everyone needs it. Say, brother, do you know sugar will draw flies and other insects and part of the human family, and in the shape of candy will draw the girls also. If you give a cow a lump night and morning she will always be on hand with her milk. It is better than salt or corn.

No Reserve Seats at

DAD KELLY'S scrimmage to see slaughter in prices. Why pay high price for sugar? Remember you good people of Matamoros, when you come over and buy our cheap sugar and groceries we will pay your fare across the river both ways, and when our Great Tampico Bridge is built you will get a free trolley ride and no scrapping over seats.

Beats a Bull Fight.

Here are our prices:

Best granulated... 14 lbs \$1 gold
With \$2 other goods 16 lbs \$1
With \$5 other goods 18 lbs \$1
